CAREER TIMELINE

Apr'09 – Dec'09: Jr. Research Analyst | I-Peritus Solutions & Services Ltd.

Dec'09 – Sep'14: Principal Consultant | Siemens Technology & Services Ltd.

Sep'14 – Dec'24: Vice President (Finance) | MSCI Services Pvt. Ltd.

WORK EXPERIENCE

Sep'14 – Dec'24: Vice President (Client Coverage Finance) | MSCI Services Pvt. Ltd.

Role:

- ❖ **Strategic Finance Reporting:** Spearheaded the evaluation of monthly and quarterly sales performance, along with sophisticated forecasting and the development of annual operating plans. Proactively drove business decisions with data-driven financial insights.
- ❖ **Budgeting & Forecasting:** Led the strategic annual financial planning cycle, delivered high-impact, precise forecasts, and provided senior management with actionable insights on sales variances and performance gaps.
- ❖ **Commercial Strategy Leadership:** Orchestrated high-level commercial forums involving senior leadership and key stakeholders, addressed tactical project challenges, and drove the implementation of solutions that enhanced business outcomes.
- ❖ **Agile Program Management:** Executed large-scale Agile programs, managed cross-functional teams to ensure seamless coordination of scope, timelines, and resources, ensuring successful, on-time project delivery.
- ❖ **Procurement & Vendor Optimization:** Architected procurement transformation initiatives by identifying operational efficiencies, executing strategic vendor negotiations, and consolidating suppliers to eliminate redundancies and drive cost optimization.
- ❖ **Operational Excellence:** Led a team in the creation of dynamic KPI dashboards utilizing Power BI and Copilot's Q&A capabilities, standardized reporting, and slashed analysis time by 50%, driving operational efficiencies.
- ❖ **AI-Driven Decision Making:** Deployed cutting-edge AI-powered analytics tools to revolutionize the RFP process, improving sales forecasting accuracy by 10% and accelerating the generation of actionable customer insights.
- ❖ **Data Visualization & Business Intelligence:** Managed end-to-end data management projects, harnessed BI tools such as Power BI and Tableau to transform complex datasets into strategic insights that guided key business decisions.

Associate to Vice President (Analytics Business Finance Team)

- ❖ **Financial Reporting & Strategy Alignment:** Developed sophisticated monthly and quarterly expense reviews, and managed the reporting process for high-stakes weekly commercial calls with senior leadership.
- ❖ **Strategic Headcount Planning:** Collaborated to create robust workforce strategies, aligned talent and resources with business goals, ensuring optimal space utilization and organizational efficiency.
- ❖ **Cross-Functional Strategy Coordination:** Led strategy execution across diverse teams in Sales, Client Services, Finance, Product Development, Operations, and Research to ensure seamless project alignment with overarching business objectives.
- ❖ **Data-Driven Special Projects:** Implemented cutting-edge tracking and reporting systems, enhanced program visibility, and ensured that stakeholders were consistently informed of key milestones and progress.

Highlights:

- ❖ Developed and implemented a comprehensive training program for finance teams on the use of Power BI and data visualization tools, leading to a 20% improvement in team proficiency and reporting capabilities.
- ❖ Contributed to the successful execution of strategic initiatives that improved efficiency and enhanced profitability across the organization.
- ❖ Led transformative initiatives in financial reporting and analytics, driving improvements in efficiency, accuracy, and team capabilities, while achieving substantial cost savings and operational enhancements.
- ❖ Led a team of 5 direct reports while managing critical financial and client coverage strategies for the organization.
- ❖ Contributed to the migration from legacy systems to SAP, facilitating smoother operations and future scalability.
- ❖ Managed end-to-end financial processes, including budgeting, forecasting, and reporting, to ensure alignment with corporate objectives.
- ❖ Recognized for leadership and strategic insights that contributed to the growth and success of key client portfolios.
- ❖ Played a pivotal role in streamlining financial and operational processes, resulting in improved team productivity.
